📍 Via Chiatamone 9 Napoli 80121 📅 16/07/1998

📄 SUMMARY

As a dedicated student of Food Technologies at the University of Naples Federico II and an intermediate-level coder from the Apple Developer Academy, I bring a unique blend of technical and soft skills. My passion for food technology, combined with my growing expertise in Swift programming, allows me to approach challenges with a multifaceted perspective. I am eager to leverage my academic knowledge and practical experience to contribute effectively in both the food industry and the tech sector.
